

Quarterly Investment Bulletin - Pensions Funds

Pensions Managed Fund

The Pensions Managed Fund can invest in all asset classes and is the fund to choose for a medium risk investment leaving the investment decisions to the fund managers. The fund will invest primarily in the Schroder Utmost Balanced Fund which has an investment objective to provide capital growth and income by investing indirectly in equities, bonds and alternative assets worldwide and by investing directly in equities and bonds worldwide. The fund will also invest in the collective investment schemes of other fund managers.

Pensions Deposit Fund

The Pensions Deposit Fund is primarily invested in the Schroder Sterling Liquidity Plus Fund. This fund invests in a portfolio of money market instruments, short term bonds, and other fixed and floating rate securities issued by governments, government agencies, corporate issuers and financial institutions. The Pensions Deposit Fund also has cash deposits with leading banks and other financial institutions in the United Kingdom at the highest available interest rates consistent with maintaining maximum security of capital. The fund should not be regarded as a long-term investment but is particularly suitable to preserve the value of investments when the investment outlook is uncertain. The price of accumulation units in the fund is guaranteed not to fall.

Important Information

- This bulletin is for information only and should not be relied upon to make future investment decisions.
- It is important to remember that past performance is not a reliable indicator of future performance.
- The prices of accumulation units in the Deposit funds are guaranteed not to fall. The prices of units in the other funds may fall as well as rise and are not guaranteed.
- The Pensions Index Linked and Pensions Fixed Interest funds were closed in July 2015 and policies invested in the funds were switched to the Pensions Managed Fund.
- Some series in individual funds have been closed and policies invested in the fund switched into an alternative series with the same or reduced charges.
- Utmost Life and Pensions risk ratings are to help provide an indication of the potential level of risk and reward that is attributed to a fund based on the type of assets which may be held within a fund. Different companies may use different descriptions and as such these risk ratings should not be considered as generic across the fund management industry.
- Funds that include investment overseas may be affected by changes in currency exchange rates.
- For advice on the suitability of any fund for your circumstances, please contact your financial adviser. If you don't already have one, you can find advisers local to you using the www.unbiased.co.uk website.
- The fund performance figures above do not relate to specific policies and do not therefore take into account any policy-related charges that may be payable. Fund performance is calculated on a bid to bid basis.
